

## SEPTEMBER MEETINGS

With our schedule getting tighter before our vacation, Sandra stayed home to pack while I went out to play with the guys at Bonnabel for our September fly. Stephen, Chip, Donald, Fred and myself made up the usual regulars that also included Ted & Myra. We discussed our upcoming November Festival. Chip agreed to be our official camera guy as well as be in charge of setting up the field. I gave Ted the stunt kite info and he later made the selections for each category. We had a good, positive meeting with Myra taking care of the details at UNO. We still don't have any volunteers for stunt or single line judging. I will handle the kids events along with whomever wants to help. Usually 3 people can handle all of those. I am counting on Leona & Henry Clark to take charge of the kids workshop. I will also try to handle the adult workshop, again looking for at least one assistant. This year I will talk about kite art and sources for designs on the inter-net. Sandra will handle the registration table and take random photos as well.

I will be calling the Boy Scouts again, to help with the opening ceremony. I will be inviting all Scouts, including boys and girls. There will be a category for best Boy Scout & Girl Scout troop kite. Their theme will be Kites Around the World! I will be sending them an E-mail with all the details. It will be up to the troop leaders to get the information to the kids.

I have received some phone calls inquiring about our event from several out-of-towners. We should have a great turn out of kiteflyers for this years 10th anniversary event. We need you, to make this year the best ever. So please call either Stephen or Marshall and volunteer for a position. We can always use more workshop hands. Field set up and take down is another area where your help will be appreciated. It's closer than you think!! **Only 28 days left before KITE FEST! Are you ready? Are your kites ready? Are you practicing your patterns? Have you volunteered for a position? Have you told everyone you know about this great event? Well what are you waiting for? Now is the time!!**

## SHORT LINES

**"ONE SKY ONE WORLD INTERNATIONAL  
KITE FLY FOR PEACE"  
Sunday October 10th 1999**

**One Sky One World festivals** will be held annually around the world to promote protection of the planet, peace, friendship and understanding between all people.

### PURPOSE

The purpose of **One Sky One World**, is simply to promote the concept of global harmony and understanding between all people of the world through an expression of the universality of kites and the wind. Through sharing the wind, our world wide connection with other flyers and all of nature is symbolically realized. The great air ocean favors no dividing boundaries, ideologies, and human conflict. It is much more the prerequisite for our existence, a catalyst in the chemistry of life, supplying our every breath. The International Kite Fly is an attempt to let the wind lift our kites and our awareness so as to more fully understand the necessity for peace.

Come join your fellow kites from your club and from all around the world this **Sunday October 10th, at Bonnabel Boat & Kite Launch**. Starting time will be **3:00 PM**. We will be flying the official **One Sky One World Kite**.
